

From environmentally friendly batteries to vehicle components made from strong, lightweight nanopolymers, there are exciting concepts under development in Ohio. Many of them no doubt will be incorporated into NASA's aeronautics and space programs of tomorrow, thanks to the energy and vision of the NASA Glenn Research Center. Just as important will be the application of these technologies outside of NASA, through its technology transfer function.

We know that creative scientists can invent important technologies and devices when they are charged with a specific goal, such as sending an astronaut to the moon. But I am awed by the following statistic: The NASA Glenn staff have won more of R&D Magazine's R&D 100 awards than the staff of all other NASA agency centers combined. I cannot tell you why there is that much excellence at NASA Glenn. But I can tell you that there are very good things happening in Ohio, and they hold enormous importance for us in ways that perhaps neither the scientists nor we can predict.

The action by the Subcommittee, and particularly my good friend, the gentleman from Ohio (Mr. HOBSON), will be of great assistance to keep NASA Glenn and Ohio on this course set for excellence.

#### TRIBUTE TO TOM BARNES

##### HON. KEN CALVERT

OF CALIFORNIA

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2001*

Mr. CALVERT. Mr. Speaker, I rise today to pay tribute to a most wonderful person, friend and father—Tom Barnes—who passed away at the young age of 55 last Wednesday, July 18th.

Calvin Coolidge, America's 13th President, once said, "No person was ever honored for what he received; honor has been the reward for what he gave." And Tom Barnes gave much to his community and the whole of the Inland Empire during his life.

A small piece of heaven just south of Corona, Tom's Farms, was Tom Barnes' gift to countless men, women and children. After years of selling fruit out of the back of his truck, Tom opened Tom's Farms in 1971. In the tradition of Walter Knott of Knott's Berry Farm and the culture of roadside stands, Tom offered tourists traveling through California's Inland Empire fresh fruits, antique furniture and dining all in the picturesque setting of country-style buildings painted yellow with green trim, a lake and the majestic shade of large trees. Today, Tom's Farms remains the perfect family outing and a traditional "must-stop" for anyone heading south on Interstate 15.

His roots take us back to Kansas City, Missouri where Tom got his start in business by selling his father's strawberries door to door. And today, Tom's Farms serves as a proud testimonial to that upbringing where fresh fruit and vegetables, finches and macaws, cheeses and wines, and country and antique furniture is offered for the delight of all who stop and take a moment to enjoy their surroundings. Through present expansion, including the addition of an animal farm, Tom's Farms promises to provide "down-home" enjoyment and family fun for years to come.

Tom Barnes was best known for his business finesse and a dedication to family and community involvement—particularly when it came to supporting local police and fire safety. In fact, for the past two years, Tom offered up Tom's Farms for the Great Taste of Corona, an annual event to raise funds for the police and fire departments. Additionally, Tom's versatility allowed him to expand Tom's Farms in the form of furniture stores in Corona and San Bernardino. He was also co-owner of TB Scott's restaurant in Corona with his best friend Scott Sherman.

Tom is survived by his wife, Leslie, two sons, two daughters and a grandchild. My prayers go out to them for their loss.

Mr. Speaker, looking back at Tom's life, we see a man dedicated to his family and community—an American whose gifts to the Inland Empire and southern California led to the betterment of those who had the privilege to come in contact or work with him. Honoring Tom's memory is the least that we can do today for all that he gave over his lifetime.

#### MOYLAN'S INSURANCE UNDERWRITERS, INC

##### HON. ROBERT A. UNDERWOOD

OF GUAM

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2001*

Mr. UNDERWOOD. Mr. Speaker, thirty years ago, a small company founded on Guam with only three employees was charged with the daunting task of servicing the island's insurance needs. The small company soon blossomed into a thriving business and became a hallmark of professional integrity on Guam—Moylan's Insurance Underwriters Inc.

For the past thirty years, Moylan's has earned the reputation of being the "Home of the Good Guys and Gals" and has been at the forefront in providing insurance services to the people of Guam. Founded in 1971 by Kurt S. and Judith Moylan, the business today has nearly 100 employees with branches in Guam, Saipan, Palau, Pohnpei, Yap, Kosrae, Chuuk and the Marshall Islands.

In 1978, Moylan's acquired Daihan Insurance Underwriters, Inc., General Agent for Korea Reinsurance Corporation from Seoul, Korea and, in 1985, they added the Micronesia Insurance Underwriters (Overseas), a General Agent for the American Home Assurance Company, the New Hampshire Insurance Company and AIG Groups.

In 1997, Moylan's Insurance was named General Agent for the MMI Group. One of Australia's largest general insurers the MMI group is affiliated with some of the largest general insurance companies in the world. In 1998, First Net Insurance Company, a project of Moylan's Insurance Underwriters, Inc. was incorporated as a domestic Property and Casualty company. The company's reinsurance program for the year 2000 is underwritten by Allianz AG out of its regional office in Singapore. Allianz is one of the largest reinsurance and financial services organizations around the world, and is rated by Standard & Poor's as a AAA security, the highest possible rating under S&P's scale.

Through all its subsidiary corporations in Micronesia, Moylan's services a 3,000-mile area that is comparable to the size of the conti-

nental United States. With considerable growth over the past two decades, Moylan's has become a recognized name in insurance within the islands in the Pacific.

Taking time out of his business ventures, founder Kurt Moylan also managed to serve the people of Guam in the political sphere. In 1964, he was elected to the 8th Guam Legislature, the youngest person ever elected to political office on Guam. Two years later, Mr. Moylan, along with Carlos G. Camacho, Judge Vicente G. Reyes and former Governor Joseph Flores formed the Republican Party of Guam. At age 30, he was appointed by President Richard M. Nixon to serve as secretary of Guam, a title equivalent to the title of lieutenant governor of Guam. At 31, Kurt Moylan was sworn in as the first elected lieutenant governor of Guam. He served until 1974. He was also elected to serve in the 16th Guam Legislature in 1980. His son, Kaleo, continued this tradition when he was elected to the 25th Guam Legislature in 1999. He is still serving Guam in this capacity—having been reelected in 2000.

For thirty years now, the island of Guam has reaped great benefits from the services provided by Moylan's Insurance Underwriters Inc. and most especially from the entrepreneurial spirit of its founders Mr. Kurt S. and Judith Moylan, and the entire Moylan family. The people of Guam are grateful for their contributions. I offer my sincerest congratulations to the good guys and gals of Moylan's. I wish them continued success in the years to come.

#### RECOGNIZING THE UNANIMOUS DECISION OF THE NATIONAL LABOR RELATIONS BOARD IN CROWN CORK & SEAL

##### HON. JOHN A. BOEHNER

OF OHIO

IN THE HOUSE OF REPRESENTATIVES

*Thursday, July 26, 2001*

Mr. BOEHNER. Mr. Speaker, I am pleased to bring to the attention of the House of Representatives, a remarkable and unanimous ruling of the bipartisan National Labor Relations Board—known as Crown Cork & Seal, 334 NLRB No. 92 (July 20, 2001)—that resolves an issue that many of us wrestled with throughout the 1990s. The issue is the legality of workplace teams under which employees work with their employers to resolve on-the-job issues including workplace health and safety, efficiency and productivity, training, and diversity. Prior to the Crown Cork & Seal ruling, there was some ambiguity as to whether these teams may be considered employer-dominated "labor organizations" under the National Labor Relations Act.

Those who were here during the 104th Congress are probably familiar with this issue. Thanks in large part to the efforts of my predecessor as Chairman of the Education and the Workforce Committee, William F. Goodling, and the former Chairman of the Employer-Employee Relations Subcommittee of that Committee, Harris Fawell, the Congress passed legislation—the "Teamwork for Employees and Managers Act" (TEAM)—aimed at addressing the ambiguity that existed. Disappointingly, President Clinton later vetoed that legislation and left the ambiguity in place.

Many of us could not understand why the issue was even contentious. The sham "company unions" which existed during the early
